Evo Plus High Back Privacy Panel

MODULAR SOFAS

The Evo Plus High Back Privacy Panel has been developed to enhance the versatility of the sofa range of the same name. Its primary purpose is to marry and connect two sofas together, thus, changing the function of the modules and the dynamics of the space. The privacy panel comes complete with a fixed table and a supporting leg that when used together allows a collaborative meeting space to be configured. The privacy panel is supplied with a cable port to allow for the seamless integration of modern technology.

Please refer to the price and specification guide for all available options.
