

Evo Plus Medium Back

MODULAR SOFAS

Evo Plus Medium Back

MODULAR SOFAS

Medium backed soft seating offers a compromise between open plan spaces and enclosed acoustic pods. Offering a space to communicate with colleagues, Evo Plus Medium Back provides a degree of visual and acoustic privacy and reduces distractions. The back height of this range is 300mm lower than the Evo High Back variant, that allows it to feel slightly less enclosed and more communal. Its minimalist modular form makes way for informal, yet aesthetically pleasing working or social spaces. A range of options are available with Evo Plus offering various feet options, including a chrome foot, a choice of wooden feet or a Cubeform style leg.

Please refer to the price and specification guide for all available options.
