SOFT SEATING BOOTHS

Retreat

SOFT SEATING BOOTHS

The modern working environment is changing and so is the furniture. The Retreat range recognises the need for more relaxed personal spaces for when employees work independently, and collaborative areas for teams within the workplace. The range includes both single and double booths with advanced acoustic qualities, providing a quieter place for working. Booths can be used as standalone units or connected together with a media wall and table to create one-to-one and group meeting spaces within the office.

Please refer to the price and specification guide for all available options.
