Our Plastic Awareness Policy

We adhere to our Circular Economy business model that aims to deliver 100% recyclability.

The use of recycled plastic in place of virgin resin typically results in reduced energy consumption, lower cost, and reduced environmental impact.

Our Cubeform Planter products permits all plastic components to be recycled through curbside programs. The following illustrates what type of plastic is used and its recyclable properties.

WHAT WE USE	RESIN TYPE	RESIN ID CODE
Green English Ivy	Silk - Polyester	(PET)1
Short Green Vanilla Grasses	Low Density Polyethylene	(LDPE)4
Agave Succulents	Low Density Polyethylene	(LDPE)4
Expanded Polystyrene Base	Expanded Polystyrene	(EPS)6

Polyethylene Terephthalate (PETE)
Picked up through most curbside recycling programs.

Low Density Polyethylene (LDPE)
LDPE is becoming a popular recycled plastic through curbside programs, due to the increase in shopping bag waste.

Expanded Polystyrene (EPS)
Expanded Polystyrene is 100% recyclable.

Decorative Plants for Cubeform Single Planter Box.

Specifically designed for Cubeform Modular Storage. Plants set in resin bonded pebble base. Planter simply slides into existing Cubeform Planter Box. Cubeform MFC Planter Box not included (CF/SPB).
