MULTI-PURPOSE SEATING

www.elite-furniture.co.uk

Norden subtly combines a slender, modern design with classical undertones. The ergonomically shaped polyurethane foam seat shell is fully upholstered to create a supremely comfortable chair. The chair is mounted on either a black polypropylene four-legged frame or a solid wood four-legged frame available in ash, walnut, espresso, wenge, black or white, adding a truly organic feel to complement any reception, waiting or working area.

Please refer to the price and specification guide for all available options.
